User Reviews

Amazing theme and top class support, as I'm a beginner, Luke helped me above and beyond and was more than patient, his responses were quick and he has a genuine care for you to enjoy and move forward with your theme! Highly recommended!

I bought this theme and i would like to recommend it to every one interested in building a website without knowledge of php or html. It is very convenient and the customer service is very reactive. I will say it in French "Bravo" for this work!

Let me say something. You have an amazing theme and

amazing/awesome support. They helped me on weekend. This is what I call an "extra mile" in customer relationship. So I gave 5 stars for the theme and if I could, I'd give 10 stars for support.
